From Chicago.

CHICAGO, July 9. Dispatches from Freeport add nothing in relation to the damage done by the tornado, to that telegraphed last night. The loss at Rockford is estimated at from \$50,000 to \$75,000. Considerable damage was also done to the growing crops in the vicinity, grain of all kinds being leveled to the earth. As far as heard from, no lives were lost.

Napoleon's recognition of Italy had been withheld for approval of his policy at Turin.

Parts, Thursday —It is stated that the new Sultan will make a Jaring attempt to rouse the long dormant energies of the Musselman population by working on their fanaticism, and that the Christians will be the first to feel the effects

of the change of rulers. It is reported that the Pope's health is in r worse condition than is generally supposed.

Austria.—It is doubted whether Austria will receive the Hungarian Deputation. It is quite clear that the requisition contained in the ad-

dress will not be granted.

GREAT BRITAIN -All the **FRCOR** have a leader on Mr. Cobden's speech. The North Briton brings \$250,000 in specie. She encountered great quantities of ice in the Straits of Belle Isl
